Canadian Artist Celeste Christie offers unique and distinctive perspectives on the environment. Her work balances nature and abstraction, using color and form to evoke a sense of connection and reflection.

With a background in Interior Design, Celeste integrates architectural elements into her art, exploring structure, balance, and spatial harmony alongside organic forms. Her understanding of design principles allows her to create works that resonate deeply within the spaces they inhabit. Inspired by the Canadian Rocky Mountains, and the Manitoba prairies and Lake of The Woods, her work explores the relationship between nature and design, creating pieces that uniquely connect with each viewer.

Celeste is excited about her partnership with Table Mason and encourages you to meet with her at the showroom to view her art in person and see the timeless designer pieces the Table Mason team has to offer.

Celeste's work has been seen throughout North America among private commissions and exclusive showings in coffee shops, home boutiques, restaurants, and show homes. Some of her favorite projects and exhibitions include the Elevation Gallery (Banff, AB), ArtSpot Market Mall (Calgary, AB), the Government of Canada, Calgary Tower, Chinook Mall (Calgary, AB), TD Insurance (Calgary, AB), Lazy Loaf & Kettle (Calgary, AB), Splitz Grill (Whistler, BC), Lizard Creek Lodge (Fernie, BC), and Malliot Homes, among others.

P R O C E S S

Whether hand-painting an original canvas or transforming her digital photographs, Celeste Christie approaches her work with a focus on form, shape, and the interplay of color and composition. Each piece begins with a spark of inspiration—a natural landscape, a striking silhouette, or an abstract idea—and evolves as layers of texture, color, and detail are added.

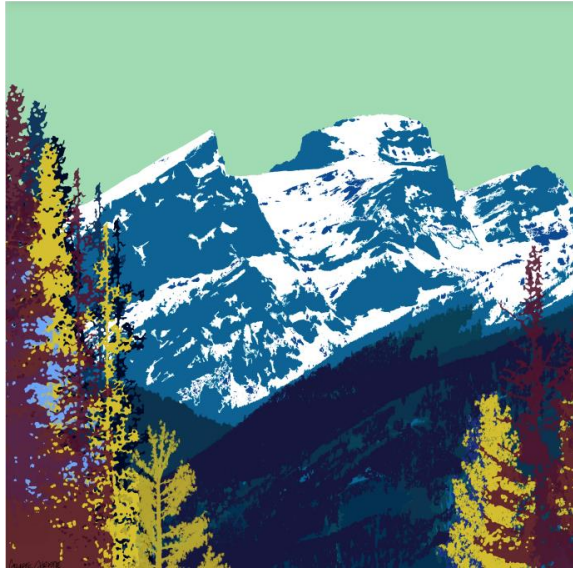

Celeste's original paintings and digital prints are dynamic creations that shift and develop during the process. Her digital print series reflects her experimental painting style, while offering the precision to explore transparency, geometry, and positive/negative space. These prints are available in limited editions with customizable framing options.

For a more personal touch, Celeste welcomes commissioned projects tailored to your vision. Contact her to discuss your next piece.
